

MARKET OVERVIEW

► **Industrial Market:** The Sacramento industrial market fared well during the second quarter of 2017 as the overall vacancy rate decreased by 27 basis points to 6.73%. At the close of the second quarter, net absorption was positive at 415,108 square feet.

► **Vacancy Rates:** In comparison to the previous quarter, the vacancy rate decreased 6.73%, which is the lowest rate seen since 1999! The largest submarkets – Power Inn, West Sacramento and Roseville/Rocklin – had vacancy rates of 4.20%, 6.41% and 10.19%. Among the largest submarkets, some of the lowest vacancy rates were also seen in the Sunrise and Marysville/Yuba City submarkets with rates at 2.77% and 2.04%, respectively. Alternatively, the highest vacancy rates were seen in the South Sacramento and McClellan submarkets at 25.33% and 8.99%, respectively.

► **Lease Rates:** At the end of the second quarter, the average asking triple net lease rate for the Sacramento industrial market was \$0.41, which is a \$0.02 increase from the previous quarter. Within the two largest submarkets – Power Inn and West Sacramento – the average asking lease rates were \$0.83 and \$0.42 per square foot. Some of the highest asking lease rates were seen in the Folsom/El Dorado submarket with an average of \$0.67 per square foot. Alternatively, the lowest lease rates were seen in the Davis/Woodland and Marysville/Yuba City submarkets with average asking rates of \$0.28 and \$0.31 per square foot, respectively.

► **Sale & Lease Transactions:** Transaction activity at the close of the second quarter was 4.08 million square feet, which is an increase from the previous quarter's figure of 2.92 million square feet. Given that there is often a delay for final figures to be totaled, this quarter's figure will slightly increase in the next market report.

► **Absorption:** The industrial market ended the second quarter with 415,108 square feet of positive net absorption. The Power Inn submarket had the greatest positive net absorption of 214,454 square feet, and the McClellan submarket had the second highest net absorption of 136,260 square feet. Alternatively, the Richards submarket experienced 66,253 square feet of negative net absorption.

► **Development:** Ten industrial projects are currently under construction in the Sacramento market, which total just over 1.3 million square feet. The largest of those projects is an 855,000 square foot Class A distribution building in the Natomas/Northgate submarket for Amazon and expected to be delivered in September 2017. The second largest industrial project under construction is a 240,255 square foot Class B warehouse building in the Power Inn submarket and expected to be delivered December 2017. Currently, there are 12.82 million square feet of proposed industrial space for the Sacramento market.

► **Second Quarter Review:** Overall, the Sacramento industrial market has shown the strongest signs of a recovery with an impressively low vacancy rate and lease rates that are on an upward trend. Among other positive trends, net absorption has remained positive for eight consecutive quarters. According to the most recent Sacramento employment figures, the unemployment rate in the Sacramento-Roseville-Arden Arcade MSA was 4.1% in June of 2017. As the job market further improves, increased demand is expected for the Sacramento industrial market.

ABOUT TRI COMMERCIAL

Since 1977, we have consistently proven that we come to the table with real-time knowledge of the opportunities and challenges our clients face. Our value is providing the expertise to help you seize the opportunities, overcome the challenges and complete your transaction. Our agents truly value the relationship more than the transaction. We train our agents to be more than industrial brokers, we train industrial specialists. TRI handles all elements of the industrial market from incubator warehouse, or flex product, to multi-tenant, big box, distribution and manufacturing. Across this broad spectrum, we're also equipped to handle all types of transactions, from land transactions, parcelization and owner/user sales, to leasing, build-to-suits, development and investment sales. We know the process from beginning to end, in all its variations. For more than 38 years, TRI has had a dominant presence in Northern California, with an interconnected network of nearly 100 industry specialists, all at your disposal. Quite simply, our mission is to be your broker of choice.

The Information in this document was obtained from sources we deem reliable; however, no warranty or representation, expressed or implied, is made as to the accuracy of the information contained herein. The market statistics represent properties that are 10,000 square feet or larger. This quarterly market report is a research document of TRI Commercial and may be found on our website at www.tricommercial.com. CoStar was the main source of information used in this report.
